Please help the Financial Aid Committee understand why you are requesting a campership for your camper to attend Nature Camp.

Nature Camp is able to provide some tuition awards in the form of camperships to promising new and outstanding returning campers who have not yet received a scholarship from another sponsoring organization. No one should be discouraged from applying to camp because of prohibitive cost. Camperships will be awarded as funds are available and cannot be guaranteed in advance, although every effort will be made to provide them to all applicants who demonstrate a need. With that in mind, please indicate on the application if your camper would be able to attend **only** with financial assistance.

Requests for camperships will be considered by a committee on a rolling basis, with review periods following **March 1, April 15, and June 1**. Requests submitted before each of these dates will be reviewed in the subsequent few weeks and applicants notified within 21 days of each date. There is no deadline for applying for financial aid, but requests submitted before **April 1** are more likely to be honored.

Please note that submitting a request for a campership does not constitute registration for Nature Camp. Submitting an application for enrollment is also required. Please visit <https://naturecamp.net/applications-and-forms/camper-application/> for more information.

Typically requests for assistance of **\$400 or more** may require additional information for consideration. In this case Nature Camp's Director of Financial Aid, Alex Haney, will follow up with a direct communication via e-mail or telephone.
